

Quality
is a ultimate
winner

EVEREST
Everest
METAL INDUSTRIES
SINCE 1982...

Company Profile

“EVEREST” was established in 1982. Since the day of inception, we have a principle of **“Best Possible Quality at Least Possible Cost under Most Dedicated Service.”** Beginning in a small space, we now have a State of an Art factory spread over an area of 25000 Sq. Ft. We very well understand the requirements of our customers and our full attention is concentrated for the quality which includes the accurate specification, durable and attractive finishes and above all the most competitive pricing. All of these have become possible due to adoption of modern machineries and technology. The R&D team is employed for updating of technology and QC team to have constant control and vigilance on quality right from selection of raw-material to the last minute of checking and packing.

Adoption of such a policy and strict adherence of principle has bestowed the highest satisfaction of our worldwide customers. We are very well known for the highest ratio of Cost: Quality. Your search for quality Brass Sanitary Products ends with us for which a Trial is earnestly solicited.

Quality Policy

Like Mount **EVEREST**, we have a policy to touch the highest quality standards. Full attention is being concentrated on following aspects:

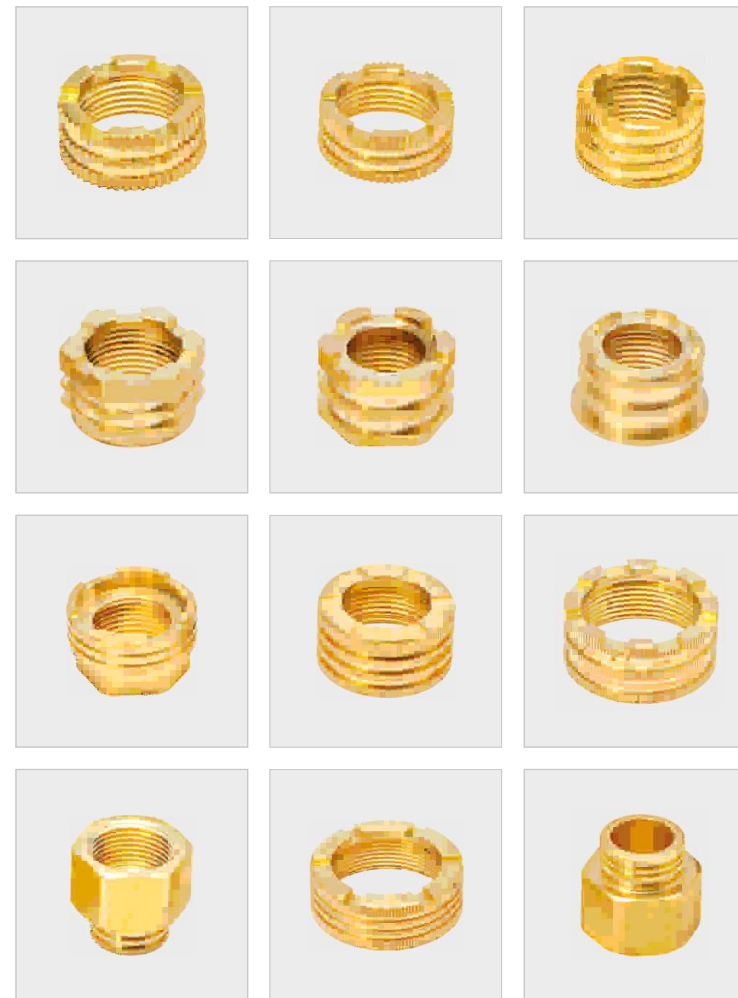

Specification: Constant Vigilance are adopted by our QC team for the correct and accurate dimensions of the products at all occasions.

Strengths: Beside the accuracy utmost care is taken for the longevity of the products we manufacture by packing them very well so that they are in the best conditions for use.

We have an ISO 9001:2008 & CE Certification which backs our above policies.
